

$Ct, CV$

RECOMB =  $CV \cdot Ct^+$

AND  $CV^+ \cdot Ct$

(B/C PARENTAL  
GAMETES BEFORE  
F1 ARE  $CV \cdot Ct$   
AND  $CV^+ \cdot Ct^+$ )

$\therefore$  RECOMB =

$$45 + 40 + 3 + 5 = 93$$

$RF = 6.4\%$
